[Based on International Application No. PCT/IT03/000785]

REMARKS

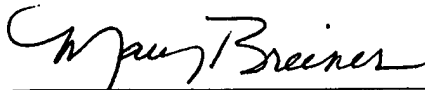

The captioned application is the U.S. National phase of International Application No. PCT/IT03/000785. The present amendment to the claims is to better conform the claims to U.S. patent practice, e.g. correction of multiple dependencies, provision of proper antecedent basis, etc. None of the amendments are intended to narrow the substance of the claims, but rather are simply to address matters of form.

Additionally, applicants are submitting herewith a supplemental declaration setting forth the correct filing date of priority document FI2003A000157. The filing date should have read May 30, 2003 and not June 30, 2003. The correct filing date was set forth on the Application Data Sheet submitted June 2, 2005.

Favorable consideration of the application is requested.

Respectfully submitted,

GUGLIELMO BIAGIOTTI ET AL
